ICU beds

ICU - 101

* Overall size : 2250mm L x 1030mm W x 450mm to 850mm HT
* Mattress size : 1900mm L x 865mm W
* 100mm Mattress, S.S IV pole
* Four sections top made of ABS and X-ray permeable top
* Functions operated by actuators backrest, kneerest, trendelenburg and reverse trendelenburg and height adjustment - Motorized
* 125mm dia imported non rusting castors with central locking

ICU - 102

* Overall size : 2250mm L x 1030mm W x 450mm to 850mm HT
* Mattress size : 1900mm L x 865mm W
* 100mm Mattress, S.S IV pole
* Four sections top made of ABS and X-ray permeable
* Functions operated by actuators backrest, knee rest, trendelenburg and reverse trendelenburg and height adjustment
* 125mm dia imported non rusting castors, 2 with brakes and 2 w/o brakes

ICU - 103

* Overall size : 2220mm L x 980mm W x 490mm to 730mm HT
* Mattress size : 1900mm L x 865mm W
* 100mm Mattress, S.S IV pole
* Four sections top made of ABS and X-ray permeable
* Functions operated manually by detachable handle. Knee rest, Trendelenburg and reverse trendelenburg
* Functions operated by activators back rest and height adjustment
* 125mm dia imported non rusting castors, 2 with brakes and 2 w/o brakes

ICU - 104

* Overall size : 2220mm L x 980mm W x 490mm to 730mm HT
* Mattress size : 1900mm L x 865mm W
* 100mm Mattress, S.S IV pole
* Four sections top made of ABS and X-ray permeable top
* Functions operated manually by detachable handle. Knee rest, height adjustment, trendelenburg and reverse trendelenburg
* 125mm dia imported non rusting castors, 2 with brakes and 2 w/o brakes

ICU beds

ICU - 201

* Overall size : 2220mm L x 980mm W x 490mm to 730mm HT
* Mattress size : 1900mm L x 800mm W
* 100mm Mattress, IV pole
* Detachable pair of polymer moulded head and foot panel
* All Functions operated manually by detachable handle. Backrest, Knee rest, height adjustment, trendelenburg and reverse trendelenburg
* 125mm dia non rusting castors, 2 with brakes and 2 w/o brakes

ICU - 202

* Overall size : 2220mm L x 980mm W x 490mm to 730mm HT
* Mattress size : 1900mm L x 800mm W
* 100mm Mattress, IV pole, S.S. side rail
* Detachable S.S head and foot panel made from plywood material with laminates
* All function operated manually by detachable handle.
* Backrest, knee rest height adjustment, trendelenburg and reverse trendelenburg
* 125mm dia non rusting castors, 2 with brakes and 2 w/o brakes

ICU - 203

* Overall size : 2220mm L x 980mm W x 500mm HT
* Mattress size : 1900mm L x 800mm W
* 100mm Mattress, IV pole
* Detachable polymer moulded head and foot pannel
* All functions operated manually. Backrest, by fix collapsible handle. Trendelenburg and reverse trendelenburg operated by detachable handle
* 125mm dia non rusting castors, 2 with brakes and 2 w/o brakes

ICU - 204

* Overall size : 2220mm L x 980mm W x 500mm HT
* Mattress size : 1900mm L x 800mm W
* 100mm Mattress, S.S IV pole
* Detachable S.S head and foot panel made from plywood material with laminates
* All function operated manually. Backrest by fixed collapsible handle. Trendelenburg and reverse trendelenburg operated by detachable handle
* 125mm dia non rusting castors, 2 with brakes and 2 w/o brakes

* Mattress Size : 1900mm L x 800mm W
* 100mm Mattress
* Detachable powder coated head and foot panel
* Legs fitted with superior quality PVC bushes

Examination couch

EXC - 401

* Overall Size : 1830mm L x 610mm W x 820mm HT
* 'U' cut at the lower end with a pair of lithotomy rods with belt
* Having swing tray B.P. tray near head rest
* Lower sections has two separate cabinets & one centre drawer
* Supply with single step stool

EXC - 402

* Overall Size : 1830mm L x 760mm W x 760mm HT
* Mattress Size : 1900mm L x 800mm W
* Accessories : Mattress, Lithotomy rod
* Stainless steel frame work
* Back rest operated on ratchet arrangement

EXC - 403

* Overall size : 1830mm L x 610mm W x 840mm HT
* Machine pressed double bent CRCA sheet
* Having two top section
* Head flap adjustment on ratchet arrangement
* Tubular frame worklegs fitted with PVC bushes
* Having a pair of lithotomic rods with belt

EXC - 404

* Overall size : 1830mm L x 760mm W x 840mm HT
* Top with mattress
* Having a pair of lithotomy rods with belt at leg end
* Tubular frame work legs fitted with PVC bushes
* Finish pre-treated in 11 tank hot process and epoxy powder coated, broken white shade

Examination couch

EXC - 405

* Overall size : 1830mm L x 630mm W x 520mm to 820mm HT
* Height adjustable through actuator (Motorized)

EXC - 406

* Overall size : 1830mm L x 610mm W x 820mm HT
* Head rest adjustment on gas spring
* Upper section of bottom will have 3 drawers and lower separate cabinets & one centre drawer
* Having swing type B.P. tray near head rest
* Supply with single step stool

EXC - 407

* Overall size : 1830mm L x 610mm W x 820mm HT
* From mattress with rexine cover
* Having three drawer in upper section
* Having swing type tray B.P. tray near head rest
* Lower sections has two separated cabinet & one centre drawer
* Supply with single step stool

EXC - 408

* Overall size : 1830mm L x 610mm W x 840mm HT
* Machine pressed double bent CRCA sheet
* Having two top section
* Head flap adjustment on ratchet arrangement
* Tubular frame work legs fitted with PVC bushes
* Finish pre-treated in 11 tank hot process and epoxy powder coated, broken white shade

Bed side table

BST - 001

* Overall size : 760mm L x 400mm W x 730mm to 1090mm HT - Adjustable
* Single section membrane pressed top with raised edges
* 50mm dia non rusting castor

BST - 002

* Overall size : 760mm L x 400mm W x 360mm HT
* Single section membrane pressed top with raised edges
* S.S folding legs

BST - 003

* Overall size : 1070mm L x 460mm W x 1020mm HT
* Top size : 760mm x 460mm
* Laminated top
* M.S tubular under structure

BST - 006

* Overall size : 400mm L x 400mm W x 820mm HT
* Machine pressed CRCA sheet and M.S. tubular structure
* S.S. top and one three sides covered cabinet with S.S. tray
* Powder coated

BST - 005

* Overall size : 400mm L x 400mm W x 820mm HT
* Machine CRCA sheet, three sides covered
* Having one small drawer & one big cabinet with open shelf
* Four side swivel 50mm dia non rusting castors

BST - 004

* Overall size : 400mm L x 400mm W x 820mm HT
* Machine pressed CRCA sheet, three sides covered
* One horizontal panel at centre

BST - 007

* Overall size : 400mm L x 400mm W x 820mm HT
* Machine pressed CRCA sheet and M.S. tubular structure
* S.S. top and one three sides covered cabinet with S.S. tray
* Powder coated

BST - 008

* Overall size : 400mm L x 400mm W x 820mm HT
* Powder coated M.S tubular frame work
* S.S. top with 3 sides railing and one detachable S.S. tray at bottom

Hydraulic trolley

HTR - 501

* Overall size : 1910mm L x 710mm W x 650mm to 900mm HT
* Accessories : Mattress, S.S. side rails
* X-ray permeable removable stretcher top
* Height adjusted by foot operated hydraulic pump
* Trendelenburg / reverse-trendelenburg by gas spring

HTR - 502

* Overall size : 1910mm L x 710mm W x 650mm to 900mm HT
* Accessories : Mattress, S.S. side rails
* X-ray permeable removable stretcher top
* Trendelenburg / reverse-trendelenburg adjustment by manual handles.

HTR - 503

* Overall size : 2140mm L x 570mm W x 820mm HT
* Accessories : Mattress, Oxygen arrangement, S.S. saline rod, S.S. side rails
* Vertical support fabricated out of 32mm dia x 1.2mm thick M.S tubular sections
* Trolley mounted on 200mm dia heavy castor
* Removable aluminium stretcher top supported with M.S tubular frame

HTR - 504

* Overall size : 2075mm L x 560mm W x 850mm HT
* Without flap : 1000mm L x 560mm W
* Accessories : Mattress for examination table
* Fixed top made from CRCA sheet
* Tubular frame work mounted on 200mm dia heavy duty castors
* Powder coated tubular under structure mounted on 200mm dia heavy duty length

* Shelf – Size : 760mm L x 510mm W
* S.S. 304 grade tubular frame & shelf – Matt finish
* Trolley mounted on 125mm dia non rusting castors, 2 with brakes and 2 without brakes
* With wash basin & bucket

ITR - 604

* Overall size : 690mm L x 460mm W x 900mm HT
* Shelf & top , S.S. 304 grade
* Complete S.S. tubular frame work of 1 inch x 18g S.S. 304 grade
* 125mm dia non rusting cators, 2 with brakes and 2 w/o brakes
* Three sided S.S railing on both upper and lower shelves

ITR - 605

* Overall size : 930mm L x 400mm W x 1580mm HT
* Stainless steel, 304 grade, tubular frame & top
* Stainless steel railings at 3 sides
* 125mm dia non rusting castors, 2 with brakes and 2 without brakes

ITR - 606

* Overall size : 670mm L x 460mm W x 1520mm HT
* Complete stainless steel structure 304 grade – Matt finish
* 24 Nos small & 12 nos of big bins detachable
* One tray on top
* 125mm dia non rusting castors, two with brakes and two without brakes

Monitor trolley

MTR - 701

* Overall size : 600mm L x 690mm D x 1570mm HT
* Fixed top shelf of size : 560mm L x 460mm D
* Four adjustable shelf of size: 510mm L x 460mm D, suitable for storing monitor, printer, stabilizer, etc.
* One lockable drawer at bottom.
* 125mm dia non rusting castors, two with brakes and 2 without brakes
* 5/15 ampere board with 8 nos of 3 pin plug electric board
* Stainless steel saline rod and oxygen cylinder arrangement
* Powder coated M.S. tubular frame with 100mm dia castors

MTR - 702

* Overall size : 750mm W x 650mm D x 1430mm HT
* Fixed top shelf of size : 650mm L x 460mm D
* Four adjustable shelf of size: 600mm L x 460mm D, suitable for storing printer, stabilizer, etc.
* One lockable drawer at bottom.
* 125mm dia non rusting castors, two with brakes and 2 without brakes
* 5/15 ampere board with 8 nos of 3 pin plug electric board
* Stainless steel saline rod and oxygen cylinder arrangement
* Powder coated M.S. tubular frame with 100mm dia castors

MTR - 703

* Overall size : 750mm L x 380mm W x 930mm HT
* Powder coated M.S. tubular frame with 100mm dia castors
* Twelve lockable moulded drawers, out of which two drawers with utility containers.
* Stainless steel tray on top

MTR - 704

* Overall size : 750mm L x 380mm D x 930mm HT
* Powder coated M.S. tubular frame with 100mm dia castors
* 6 moulded drawers, out of which two drawers with utility containers

MTR - 705

* Overall size : 615mm L x 460mm D x 940mm HT
* Machine pressed CRCA sheet fabrication
* One drawer fitted with telescopic channel
* Detachable S.S. tray at top & fixed M.S. tray at bottom
* Trolley mounted on 100mm dia castors
* Two stainless steel trays, one at top and other at bottom

Matrix system

Matrix is a modular casework designed for clinic environment. Combination of various modules helps you to arrive at your required facility. It can be assembled in the space of any size, large or small, to suit your individual requirement. Right from hanging storage you get everything including wash basin closer to your workspace. All exposed edges are sealed with 2mm thick PVC strip and knock down construction facilitates the shifting of your workspace from one room to another, in case of need to change your room.

ABOUT ...

- "INSPACE", The 30 year presence in the industry and the unrelenting R&D process have equipped us to plant our foot very firmly on hospital furniture making domain, now. We have a production facility which has sprung up in 1,50,000 Sq.ft. Whether imported or indigenous, we use technologically advanced equipments and machineries that stimulate the development of modernization and updates it from time-to-time. We manufacture and market hospital cots (Simple/Fowler/Semi-fowler/ICU), bed side lockers, food trolley, structure trolley, wheel chair, patient couch, saline stand, etc. We can handle the furniture requirement of medical centres of any size, right from a clinic to a multi-speciality hospital. Standardization of design, size & colour ensures reasonableness in pricing. Knock down construction facilitates minimal logistics cost. Customization of furniture is also entertained in case of large volumes. We are staunch believers of saying that the business of a business is to create customers and have them in our fold.
